

## Additional instructions for mailing in an equipment with batteries

- Total watt/hr rating for all included batteries should be no more than 100Wh (Typically no more than 4 batteries)
- Securely pack the items in a box large enough to fit a 5"x5" hazmat label
- Any damaged/defective lithium-ion batteries are not allowed to be sent to KEH, Inc.  
**\*\*FAILURE TO ADHERE TO THESE LEGAL REQUIREMENTS MAY PREVENT PROPER SHIPMENT, RESULTING IN UNSUCCESSFUL RECEIPT/RETURN\*\***
- Lithium-ion battery hazmat label should be printed in color
- Affix lithium-ion battery hazmat label squarely on box
